

Cilindri

Cilindre kakve danas poznajemo dizajnirao je i patentirao inženjer Linus Yale Jr., 1865. godine u Engleskoj. Originalni naziv je bio "patent lock" (patentno zaključavanje). Usprkos konstantnim promjenama prvu komercijalnu upotrebu cilindri doživljavaju u Švedskoj početkom 1880. godine.
